

Model: Eternal High Glo LED Bulb 9W Cool White

Product Highlights

- 180-Degrees Wide Beam Angle - With 180 wide beam angle, the brightness reaches to farthest corners of your space. The feature makes the most of the power and spreads the light to the fullest.
- Wide Operating Range - The operating voltage range of 100V to 440V AC makes this perfect for all homes with different phase settings. It becomes a reliable option for homes as well as commercial spaces.
- High Output Efficiency - The High Glo LED Bulb offers high light output efficiency of 100 lumens. It spreads the luminance to broad spaces with power and efficacy.
- Surge Protection - The superior-quality lamp can withstand the surge of up to 4KV. It makes the product robust, long-lasting, and a perfect option for homes that have an unsteady light supply.
- Eco-Friendly Bulb - Take a step towards making the earth greener with this eco-friendly bulb that is made without lead and mercury.
- Versatile Application - With high performance and smart features, the bulb is perfect for homes, schools, offices, hotels, retail showrooms, and many other spaces.
